

CLEANWELL

HIGH PRESSURE CLEANING EQUIPMENT

PW&DW

PETROL & DIESEL
COLD WATER PRESSURE WASHERS

- ✔ Performances ranging from 600 psi 40 bar to 3000 psi 200 bar with a variety of flow rates up to 42 litres per minute
- ✔ Available with petrol or diesel engines with either recoil or electric start. All Honda petrol engines are standard with oil alert
- ✔ Interpump 3 piston pump with a brass head manifold. Either driven directly, through a gearbox or through a flexible drive coupling

- ✔ All units are produced to be supplied by mains water tap or to suck from an independent water tank
- ✔ Robust fully portable tubular wrap around frames which are polyester coated. These have proven to be the most durable and reliable
- ✔ Supplied with 9m. high pressure hose, on/off gun, lance & nozzle
- ✔ Designed and manufactured by Cleanwell to comply with CE Legislation
- ✔ 1 Year warranty subject to conditions of sale

British Manufacturer

let Cleanwell handle the pressure
